

Welcome to the 11th grade Ramp Up Dashboard

In order to prepare yourself for the school year Davies has created a list of resources for you to practice and keep your skills fresh during the summer!!

As a 11th grader, you will need to do the following before you begin your courses:

- 1) Sign-up for Khan Academy using your Davies email address.
- 2) Create a CollegeBoard account using your Davies email. (You will need this to prepare for your SATs in October.)
- 3) Link your collegeboard account to your Khan Academy account.

[CLICK HERE](#) for a tutorial video on how to link your accounts

11th Grade Dashboard Guidance:

- Complete Get Ready Courses for SAT, Literacy and Numeracy
- If you struggle with these courses, then complete the refresher classes related to where you struggle. For example, if you struggle with Algebra I, then complete the Pre-Algebra Refresher class to build your skills.
- Each course has a course challenge. Complete the course challenge to see in which skills you excel, and which you need to improve.

11th Grade Menu		
	Get Ready Courses	Refresher Class
SAT Prep	SAT (Practice for your SAT now so you are prepared in the Spring.)	You can take your SAT as many times as you would like. Sign up for a test on CollegeBoard. Davies will be offering an SAT School Day in April, 2021.
Literacy	Grammar	9th grade reading (There is no 10th grade reading course available)
Numeracy	Algebra II/Trig. Pre-Cal	Algebra I Pre-Algebra Arithmetic
Optional Other 10th Grade Course Work	Physics AP Biology
